2025 Daboye Lighting Company

Introduction

Daboye Co., Ltd. was established in 2011 as a specialized home lighting manufacturer.

We are the best LED lighting company that designs lighting luminaires and develops and designs drivers (stabilizers)

We are minimizing the product defect rate through our own technology development, and we are solidifying our image through friendly response and thorough after-sales management.

Our main products are divided into indoor luminaires and commercial products.

It is manufactured directly in South Korea(Republic of).

We will constantly move forward and develop by sincerely communicating with you.
